

Greetings!

Missouri is a beautiful, diverse state offering unique tourist, business and economic development opportunities. Whether you're a lifelong resident or just visiting, there's something for everyone, and Missouri's state highway system, the nation's seventh largest, is the link tying it all together.

Missouri's highways will take you anywhere you want to go. You'll find easy access to our many recreational areas and major lakes. We have small towns, college towns, major cities and everything in between. A journey through our state offers glimpses of the past as well as the future. It's a great place to spend a day or a lifetime.

Missouri's a growing state, and we're the nation's crossroads. We're a prime location for businesses, tourists and for those who are looking for a great place to live. Our highways are essential to jobs and economic development and are an integral part of our daily lives.

We're dedicated to preserving and improving Missouri's transportation system to enhance safety and encourage prosperity. As you travel the Show Me State, I encourage you to enjoy the many opportunities and urge you to please drive safely.
